

Recommendation 2118 (2018)¹

Provisional version

The protection and promotion of regional or minority languages in Europe

Parliamentary Assembly

1. In accordance with the European principle “Unity in diversity”, the Parliamentary Assembly considers the protection and use of minority languages to be an integral part of the process for the extension of democracy.
2. With reference to [Resolution 2196 \(2018\)](#) on the protection and promotion of regional or minority languages in Europe, the Assembly considers it important to raise awareness of the fact that, in all countries, people belonging to regional or minority linguistic groups are citizens with the same rights as the speakers of the majority language.
3. The goal that should be achieved by the member States of the Council of Europe is to ensure that the speakers of regional or minority languages can freely use their mother tongue in individual or social communication without discrimination, and consequently that they receive all the support required during their schooling from official bodies and local communities.
4. The Assembly therefore calls on the Committee of Ministers to:
 - 4.1. encourage each member State to take the necessary steps to ratify the European Charter for Regional or Minority Languages (ETS No. 148), if they have not already done so, or in the event that they have already ratified the Charter, to ensure that it is put into practice and that they broaden the scope of their commitments;
 - 4.2. devise a procedure under which it authorises the Committee of Experts of the European Charter for Regional or Minority Languages to carry out, after issuing a preliminary warning, the monitoring procedure in respect of States which lag far behind in submitting the report provided for under Article 15 of the Charter;
 - 4.3. report to the Parliamentary Assembly on the procedure for monitoring the application of the Charter, paying particular attention to the execution of States’ obligation to present a report, as well as the results obtained;
 - 4.4. create a prize, to be awarded once a year by means of a competition, for countries which actively promote the use of regional or minority languages, with the conditions relating to the award of the prize being decided upon jointly by the Committee of Experts of the Charter and the Parliamentary Assembly;
 - 4.5. implement further solutions for the application of the Charter, hold regional seminars on good practices and obstacles to its effective use, promote scientific co-operation between national research workshops, and suggest that working groups specialising in issues relating to the situation of regional or minority languages be set up in the member States;

1. *Assembly debate* on 23 January 2018 (3rd Sitting) (see [Doc. 14466](#), report of the Committee on Culture, Science, Education and Media, rapporteur: Ms Rózsa Hoffmann). *Text adopted by the Assembly* on 23 January 2018 (3rd Sitting).

4.6. co-operate with the relevant institutions and bodies of the European Union, in particular the Directorate-General for Neighbourhood and Enlargement Negotiations, the Directorate-General for Education, Youth, Sport and Culture and the European Parliament, on the subject of the protection and promotion of regional or minority languages within the European Union.
